

Thank you so much for your continuous support with the Skyway Resource Center!

While we are in transition to prepare our new home (the Former US Bank Building in Skyway), **Friday, March 10, 2023 will be our last in person event for the Skyway Resource Center.** You will still be able to see our hard work during the construction phase of our new building!

Although we'll no longer be in person providing services on a monthly basis, here's what we will be up to:

- Now - 2024: Continuous planning for the Skyway Resource Center, involving it's resources and building development
- Summer 2023: Groundbreaking & Construction Starts
- 2024: The New Skyway Resource Center building is slated to open!

Still need resources in the meantime? Flip this postcard over and scan the QR code to locate ways to still access our community's available resources!
